Repeat only on points b and c

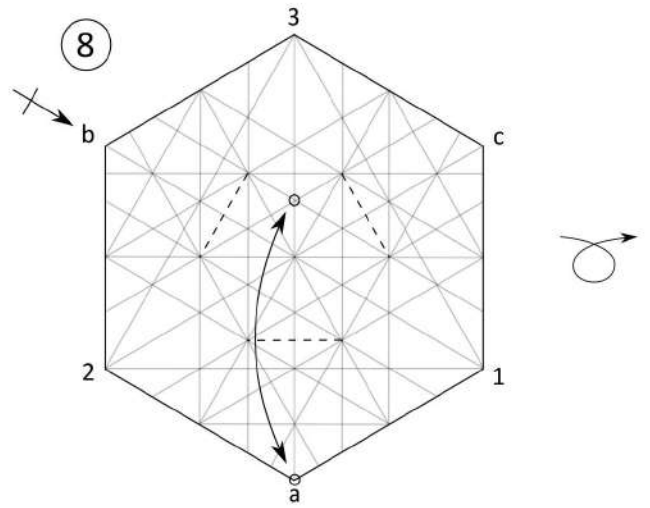

Repeat only on points b and c

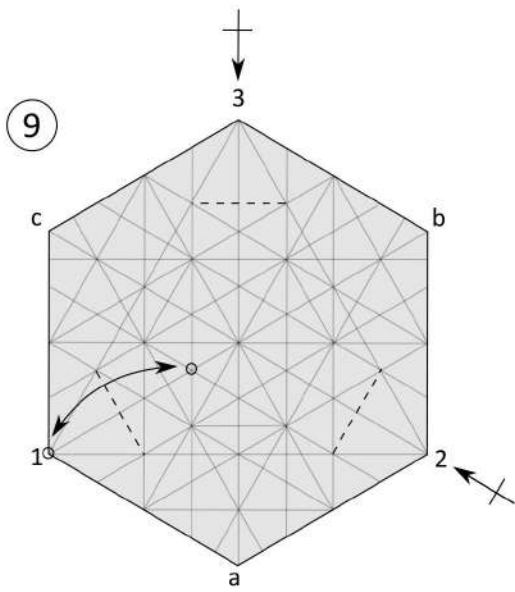

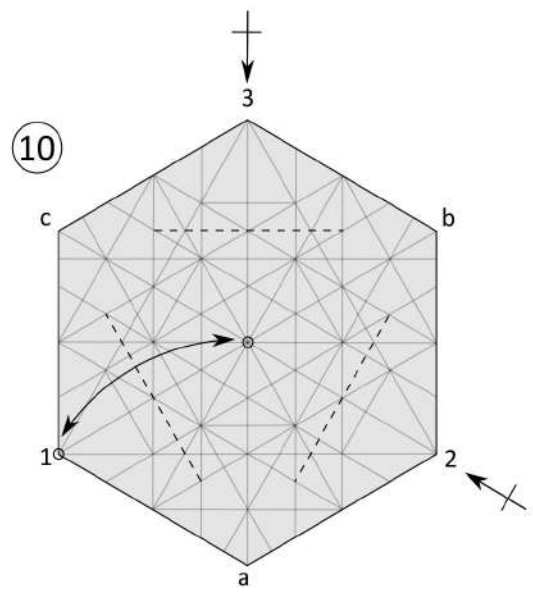

Repeat only on points 2 and 3

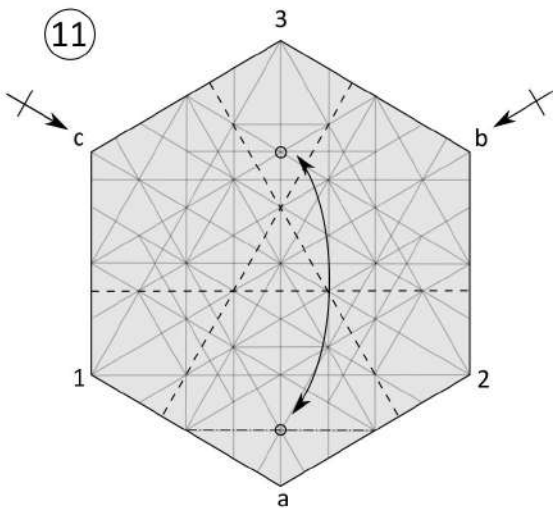

Repeat only on points b and c

Repeat only on points 2 and 3

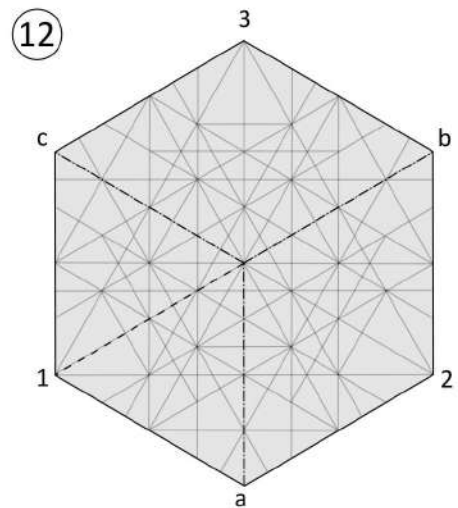

Repeat only on points 2 and 3

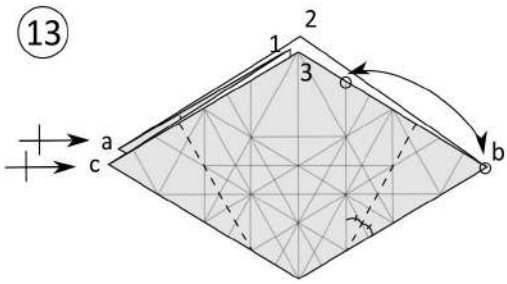

Repeat only on points b and c

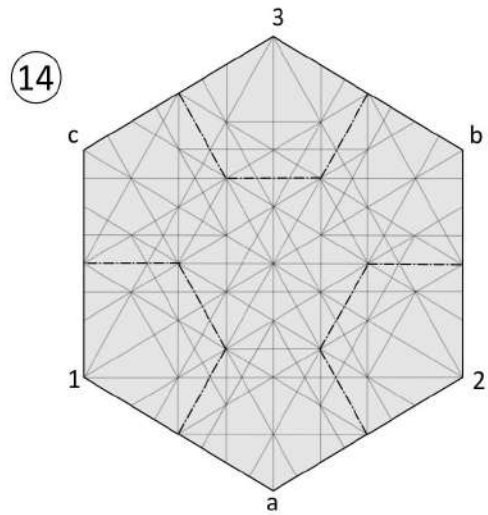

*The easiest way is to fold the crease made on step 5 and align the edge with the crease made on step 10*

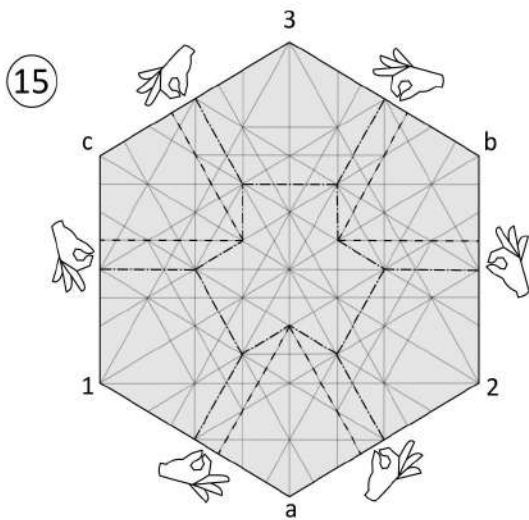

Bring points 1, 2 and 3 together

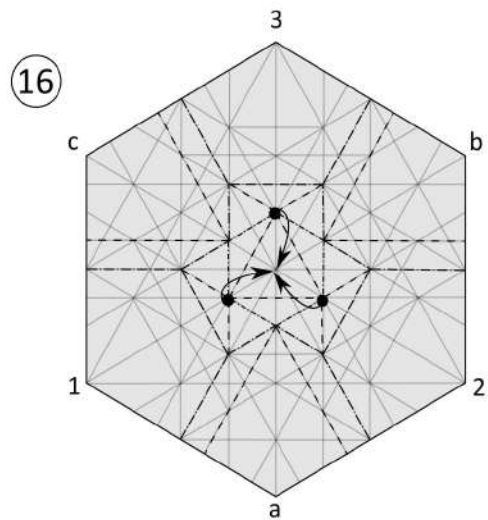

Repeat on points a and c  
Unfold

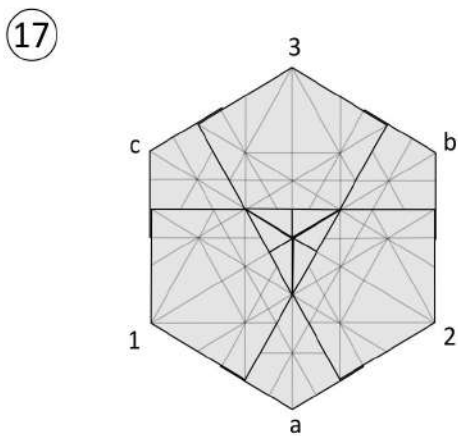

Collapse - Step 1  
Mark the indicated creases

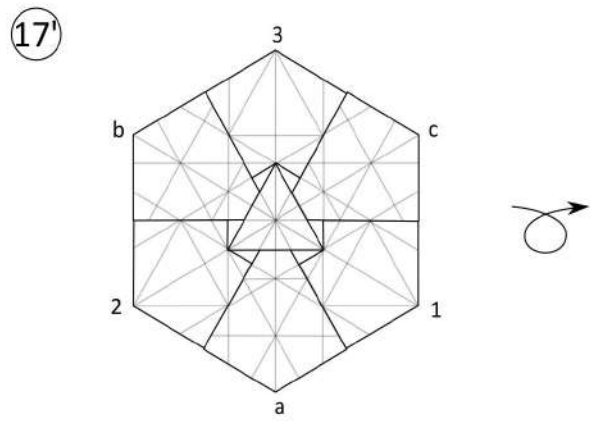

Collapse - Step 2  
Pinch to mark the additional creases

Collapse - Final step  
Push down the central triangle,  
bringing the circle points towards the center

Back view

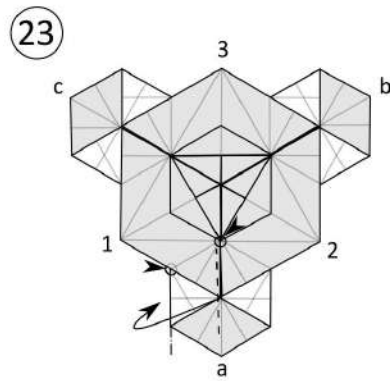

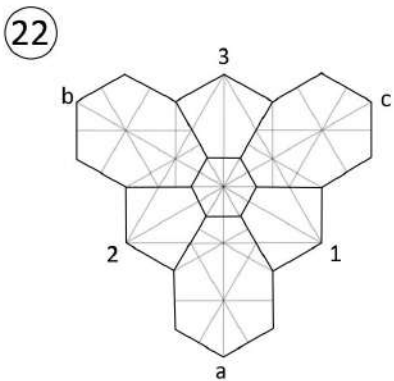

18

Slightly pull point 1  
 Push where indicated and bring the newly created tip  
 down to the center (see result next step)  
 Repeat on points 2 and 3

21

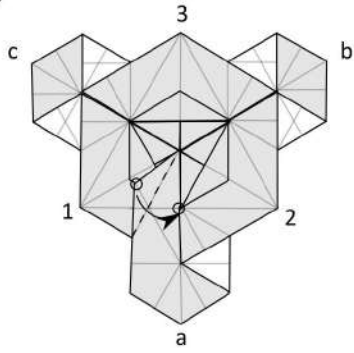

Hide the point of the central triangle  
 in the pocket behind (see next step).  
 Repeat on points 2 and 3

23

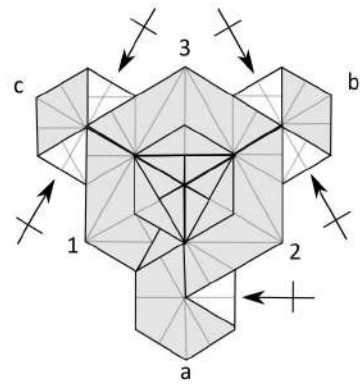

Reverse the white flap, pushing  
 the circled corners outside-in.  
 The model will not lie flat

24

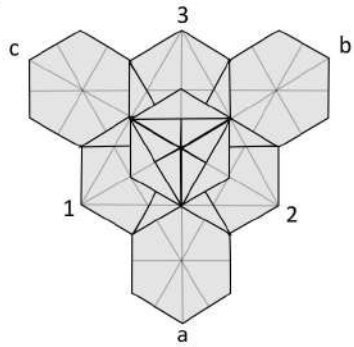

Flatten the model

25

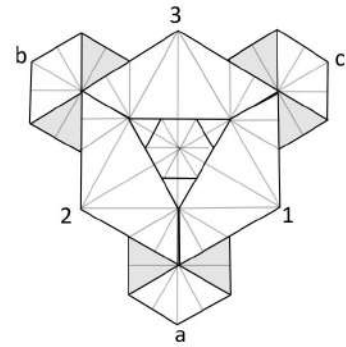

Repeat steps 23 and 24 on the other 5 white flaps

26
