

Victoria's secret tato-box

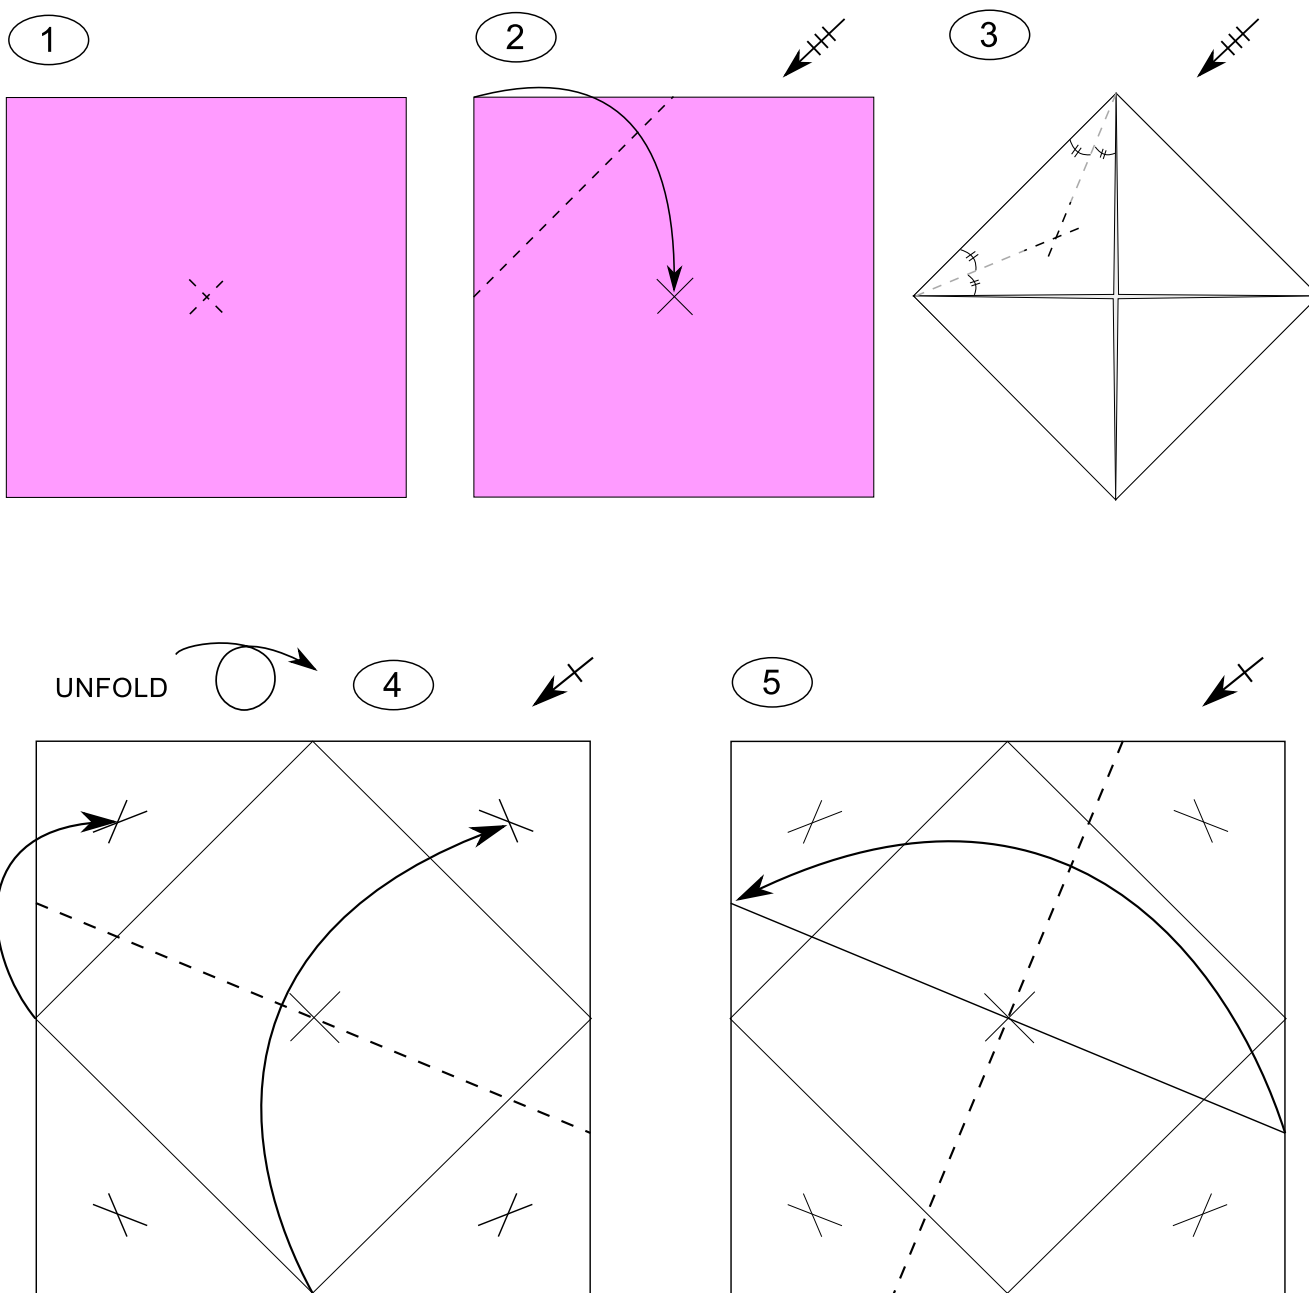

In 2008, Victoria's secret issued an octagonal gift-box with a spiral closure stabilized by a piece of ribbon, which made quite a buzz in the origami community.

Offered here is an origami-compliant, self-closing version. Sexy lingerie optional.

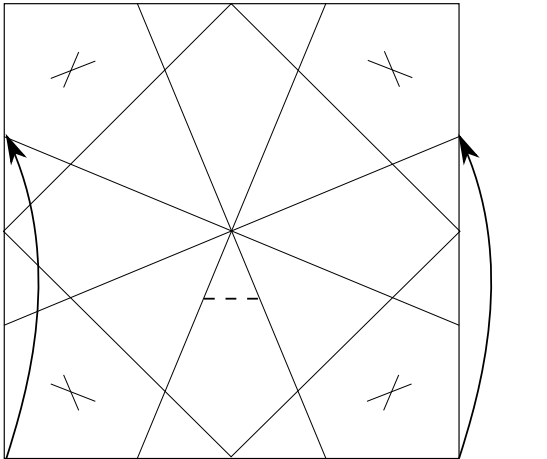

Duo paper, heavier than kami

6" (15 cm) square makes a 2"x2" (5x5 cm) box

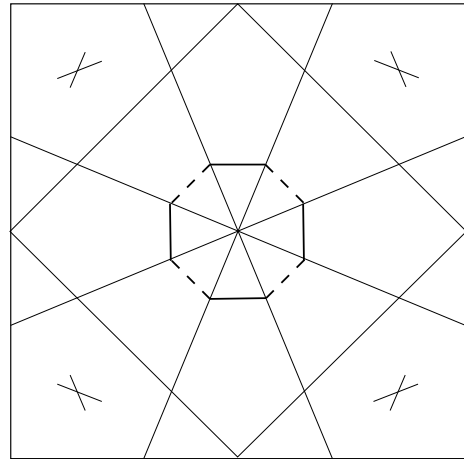

Pop-down locking mechanism invented by Philip Chapman-Bell
